Fitness competition photo and video

We can only guarantee quality material only for those athletes, WHO BOOK IN ADVANCE. We are working with a limited number of clients on every competition, therefore we ask you to book us as early as possible.

About us

My name is Zsolt Dunavölgyi, I specialized for fitness media content creation in 2015.

The Media Team was founded in 2017 and I can proudly say that, my team supports me and we are working together since. They perfectly understand, what our clients want to see on the pictures, or in the videos.

In the last couple of years, we have made several accomplishments such as becoming the official media partner of Pro Tan, as well as becoming mostly official and even exclusive media partners with most of the Hungarian and some of the abroad Federations.

Stage moments

From all the main poses to the routine/walk, the postures to the awarding ceremony we focus on you. Besides striking the pose a perfect moment can depend on small things. How you hold your hand, fingers, whether your eyes are open or closed, if your face profile of preference showing, we could go on and on...

In this case I can't direct you, therefore a bigger amount of picture needed. Ergo, when you are on the stage, our photographer's camera's focus is on you, not just from the audience direction.

(If interested category comparison pictures are available, please contact Csilla, at least 3 days before the contest: hollocsilla88@gmail.com)

(We do our best to have your full-body photo series, but at very rare cases its not possible, e.g. when not having several callouts, etc. At these cases we may complete the quantity by full-category pictures. You can also order category pictures, 3 days in advance the event, the latest: hollocsilla88@gmail.com).

Unique portfolio

You are in your best shape on competition day. The perfect Pro Tan color, hair and makeup, even your stage shape demands a unique photo series, we usually do in a studio.

We use different backgrounds in the built-up studio, in the contest location.

We are not doing just individual, but team photos as well, where you can get quality pictures with your family, your loved one or your coach to make unforgettable memories.

(Also, it's not a negligible way to pass time in the hours of waiting, also you don't have to keep your diet for a photoshoot that would take place on another day)
